

## CHAPTER 14-02-03 SEWAGE AND BATHS

Section	
14-02-03-01	Sewage Disposal
14-02-03-02	Cesspools
14-02-03-03	Bath and Toilets

**14-02-03-01. Sewage disposal.** Connection to sewer systems shall be made wherever available.

**History:** Effective August 1, 1978.

**General Authority:** NDCC 43-04-11

**Law Implemented:** NDCC 43-04-11

**14-02-03-02. Cesspools.** If municipal water supply and sewage disposal is not available, any privy or cesspool maintained for the use of the proprietor or employees of any barber shop must be of a type which meets the recommendations of the state department of health.

**History:** Effective August 1, 1978.

**General Authority:** NDCC 43-04-11

**Law Implemented:** NDCC 43-04-11

**14-02-03-03. Bath and toilets.** Bath and toilets must be kept in a clean and sanitary manner at all times. Where footbaths are provided, such footbaths shall be at least eighteen inches [45.72 centimeters] square and shall contain a disinfectant. Notice shall be posted that persons using the bath shall immerse their feet for at least one minute before and after bathing. A three-tenths to six-tenths percent chlorine solution may be used as a disinfectant.

**History:** Effective August 1, 1978.

**General Authority:** NDCC 43-04-11

**Law Implemented:** NDCC 43-04-11
